Monitor Arms

form

FURNITURE MADE SIMPLE®

A grayscale photograph of a person's arm reaching up to adjust a monitor arm. The monitor is a large, dark rectangle at the top of the frame. The arm is a light-colored, adjustable mechanism. The person's hand is visible on the left, touching the bottom edge of the monitor. The background is a plain, light-colored wall.

The Balancing Act monitor arm by Form Lab offers all the space savings and ergonomic benefits you expect with a beautiful and simple design that will look great in any space. Our dynamic motion technology allows for effortless adjustment—striking a perfect balance between style, function, and price.
